**Subject:** Re: STC JE Bath: Toilet

Greetings Stephanie,

The STC project has demo, plumbing and infrastructural work to be done before the toilet is installed.

We will take care of the toilet for STC.=/div>

Thank you for the clarification.

The items stored in this area of CostULess were purchased for the GSJ staff cottage and would have been coded accordingly. Using it for an immediate need at STC is no problem, we just need to repurchase the toilet and make the GL adjustment. Daphne, do you have the record of the previous purchase so we can reorder?

=ey Bossman,

You have a new toilet in Cost-U-Less on LSJ.

Would you like me to send this toilet over to STC or should I purchase one from Home Depot?

Please advise,  
Ann R.
