Hi Karyna,

Thanks for reaching out about your writing pad printing.

Do you have any working files you can share for the quote? Let me know if you can share any more details and we can send o=t ballpark pricing, and then we would be happy to schedule an appointment.<=r class="">

Kind regards,
Molly

Hell=,

I would like to create custom writing pads in US letter size with covers, embossed letters on the cover and a custom watermark on each writing page. I would need to discuss the options for the cover design. Please advise when can we set up an appointment.

Thank you,

Karyna
