Greetings S,

I have bad news - Health Connecti=ns spoke with their supplier - there are too many restrictions, and they a=ae not allowed to special order this vaccine. The third doctor I con=acted just called - they do not have it in stock.

Everyone has referred me the the Department of Health at=the local hospital. Do you want me to pursue this? DW

Greetings S,

I c=ntacted Red Hook Family Practice (across the street from FTC). They do no= have the vaccine.

Health Connections (also a private office) may=be able to special order the vaccine today and have it on island by Th=rsday. There is one other private medical office that is calling me b=ck this morning.

Please advise, DW
