Importance: High

thank you for explanation
i know 2002 contract discussed is appropriate and history however i am sure pricing and technology have changed over the last 10 years

English summary of mail sent to valdson (further to Bella's mail for explanations):

Valdson, Bella requires to get a quote for the replacement of the whole alarm system, as well as a quote for an annual maintenance contract.

Reminder: an ISC proposal for maintenance contract was received and discussed in 2002, without being finalized. See proposal attached for info. NB: I don't know if the 2002 proposal concerned the apartments or only the old one ??? the price was 3,850 euros VAT excluded / year.

Valdson,

Bella demande d'obtenir d'ISC :

- (i) un devis pour le remplacement de tout le système de sécurité,
- (ii) ainsi qu'un devis pour un contrat annuel de maintenance.

Pour rappel, un contrat de maintenance avait été discuté avec ISC en février 2002, mais il n'y avait été donné aucune suite. Voir proposition en fichier attaché (NB : je ne sais pas si cette proposition concernait les 2 appartements ou seulement l'ancien ?? le prix était de 3.850 € T/an).

Meilleures salutations.

Ms Experton, can you get a quote for the replacement of the system. It looks very expensive 1,400 Euros for repair. Two weeks ago they charged 87 Euros for repair. Also, if we would have a maintenance contract what would be the cost?

Thank you
