I would love to see you either tonight or tomorrow sometime! What time does the event start tonight and where? May I let you know a bit later today if I'm able to join you? trying to sort out my work load for today! If you need to know right away I understand.. I don't want to hold up the available seat for someone else! I would very much like to meet your spiritual mother as well.

What time is your event tomorrow night? What sort of event is it? I would love to see you for that or any other time while you're in town. How long are you here?
