>>> I have a photo 70"x86" I need printed which is a separate project
>>> from the others we've been working on. What's the largest size that can=be printed on photo paper? and could this be printed on one piece of canva= with enough extra material around the edges in order to be stretched? I'm=not sure yet which type of material we will want to print on We are still =orking on which image we want to use for the larger canvas.. nothing seems=to be right.
