Hey miss bella..

Would you be able to set up an appointment with Time Warner for them to =ome sort out the cable and internet in apt 8A? When they did the floors =nd painting in there, it messed everything up. There is currently a =uge pile of cable wire all wrapped up sitting in the hallway which =eds to be brought around to the living room and hooked up to the TV. =his will require them to have to attach the wire up and over the closet =nd a few doorways, around to the living room to reach the TV..

Also, do you remember the outcome with 11P internet? I know they had to =eturn to fix it before.. do we need Scott to go in to set up the =ireless? I don't remember what happened in the end
