no prob on packing his bag.. we should def pack his travel fan for =frica(not sure if he will still be going to Kiev now that [REDACTED] is =oing.. who knows) we should also have you take some of the beef jerky to have on hand for =he Africa trip too.. I think Francis said it was in the freezer =ownstairs. I'm not sure how long it lasts, but perhaps you can freeze =t again when you get to Paris(not sure if that's OK either but we can =sk Francis) sleep well and I will see you in the morning sweets..

I just want to tell you that I really am impressed by you and the job =ou're doing. I see that you give so much of yourself and go above and =eyond. You have caught on to all the nuances of this job and take the =nitiative to make sure everything is thought through thoroughly. I =aven't seen anyone else get to this point where I actually trust them =nd don't have to worry every second that things will be done right. I =m very appreciate to have you working with us.
