I feel after 11 years of being a traveling assistant, it's time to redefine my role. =t's good for you if I continue to travel since I'm really good at it from =oing it so long, but for me, that aspect of things is no longer a challenge and =s not allowing me to grow in other areas.

I believe the past 6 months have been a good introduction/test period for how things =an be structured going forward. I would like to step out of the traveling =ssistant role and be more of a managing figure for the future traveling =ssistants ([REDACTED] and [REDACTED]), for NY and PB staff, and to handle any household/personal =rojects for you from which I can take care of from NY or from afar. I can help =rain, manage, oversee the other girls who will travel with you. I feel this =as worked out relatively well in the past 6 months, except for your last =alifornia trip in August. I believe all of your travels to your own homes in the past 6 =onths have gone smoothly as far as I have heard. I understand you weren't =appy with the last San Fran trip with [REDACTED], Karyna and [REDACTED]. I wasn't there, =o don't understand what exactly happened, but the only way for these trips to go smoothly in the future with someone other than me is for them to keep =oing these trips on a consistent basis. I believe [REDACTED] has a great handle on =hat needs to be done on these trips and we can start training [REDACTED] to have more responsibility if you want her to take on this type of roll. I can put =ogether a manual for travel for different circumstances; your homes, domestic destinations, foreign countries, etc. Everything they need to think =bout, be aware of, be prepared for, and of course I am always available to help =uide them anytime.

Considering the timing of the upcoming Paris/Africa trip, since I already won't be =oing on this trip, I propose to continue on as we have the past few months and =egin right away with [REDACTED] and [REDACTED] as the main traveling assistants. =o:p>

I very much want to grow as a =erson, to challenge myself and accomplish something on my own. This will allow me to devote some time to focusing on some personal endeavors such as a [REDACTED] [REDACTED] etc. while still being an asset to you. I would like =o be able to dictate, for the most part, my own schedule in regards to =ersonal travel as well, as long as it doesn't interfere with my =esponsibilities. I want this to be a solution that will work for both of us. It will =equire some evolution and I believe we should reevaluate how things are going in 6 =onths and make adjustments accordingly, i.e. if we need to hire someone else to =ravel, etc..
