Hey guys.. can you please make sure all my apt samples come back with JE today(they were sent down with [REDACTED] when she came) as well as 3 small printed canvases that had a picture of clouds from the plane, and 2 photos of LSJ terrace(one black and white and one color) These are proofs for larger photos JE wanted printed for NYC, so they need to come back with him!

Also make sure both his laptops come back with chargers... (he brought 2 down with him), his ipad, iphone, wallet, obviously the black bag. [REDACTED], please ask him what papers he wants to bring back.. I'm sure there are some on his desk and the kitchen that need to be gone through.

Please confirm back. thanks!
