Hey guys. Eva has some furniture in PB she's getting rid of. I'm going to send pics in a few emails. Pls let me know if we want any of it for Zorro. If so, I need Janusz to organize pick up of it on Oct 2 or 3 and have it taken to our storage unit until we decide whether or not we are shipping the pearl furniture to Zorro. I'm currently seeing if any auction houses are interested in it. In the first photo, the item available is the plank wooden table closest to camera. Eva says its a big wooden dining table..could be quite good for ranch. There are also quite a few beds. Let me know what you think.
Thank=
