All is fine, I can tell he is a little edgy today, nothing major but I can =eel it. Tonight we have 5 people for dinner. Mark Lloyd and Lars are stayi=g here. They were out and just came back and went to their rooms and he is=having a massage!! I tried to coax them into the living room for a drink b=t Mark was adamant he needed a shower. So I am sure it will all be my faul= :) Stupid place for a massage room!

[REDACTED] arrives tonight at 8pm, Alex will fetch her.

Canceled Ukraine. [REDACTED] did not see one nice girl there and she=was at fashion week. I have been telling Jeffrey that from an objective po=nt of view (not due to my general dislike for anything Ukrainian ;) all th= girls we have met from Ukraine look haggard. He has finally said I am cor=ect and [REDACTED] says it is due to the large amount of factories in the ar=a and pollution. She says she cant stay there for more than a week and her=hair starts to fall out. [REDACTED] says a lot of bad skin and Dr Magnani would =ave had a heart attack had he been there.

JE did have a possible idea of going to Sweden but he h=s told me to tell Barbro we will know more tomorrow.
