Hello [REDACTED]

Thank you for your call and this email with your sketch. You&nbs=; show a seat height back of 33". In most of our designs the=standard seat height backs are 36". Can you live with a 36=E2◆◆ height back or do you need a 33" height back for your win=ows or something? If so, we can have that customized height made for=you. Also you show the seat width as 26". Our booths a=e typically 24", it that OK with you or do you want us to take a l=ok at a custom depth of 26" for you?

We spoke earlier today reg=rding a project for a custom bench and dining tables.

Please find enclosed a preliminary sketch for the =urniture. If we do tables with a 2.1/4" bright groove aluminum edg=s with a standard white laminate, could you please provide an estimate for=the job?
