Subject: Few questions.

Hi Sarah:

Hope all is well in FL, NY, Europe- wherever you are!

A few questions while trying to finalize some information that I need to send off:

Do you have a current and up to date resume you can send me?
Do you have any social media pages- (with log in information)- ?
do you have any websites that you own or have created or have submitted=work to? (if no site, they can create one via your resume)
Do you have photos or links to any of the projects you have worked on for a portfolio?
Do you have any links to articles that you KNOW need to be pushed away?=nbsp;

Thanks
Don
