Sarah

The sink base cabinet is only 20" deep. This sink will be tight in the depth and required the facet be set to the side rather that behind.
Please refer to our drawing.....
The depth is limited as well due to the trash unit below. I would not use a sink deeper that 8" (with the counter thickness this becomes 9
1/4")

Thank you

Hi Rita,
Would the attached sink work for my kitchen? Are the dimensions OK? they offer 3 different depths.. is there a certain depth you would recommend?
Thanks..
