>> =rom the others we've been working on. What's the largest size that can =e printed on photo paper? and could this be printed on one piece of =anvас with enough extra material around the edges in order to be =tretched? I'm not sure yet which type of material we will want to print =n We are still working on which image we want to use for the larger =anvас.. nothing seems to be right.
