Hi Christian,
I do apologize for my late reply! I have been traveling out of the country t=is past week and it's hard to keep on top of everything with the time diffe=ence. Please let me know what day is best for you to fly to St Thomas and I=can organize it. Mr Epstein is also out of the country, therefore would not=be on the island when you went, but the house managers can show you around s= you can get a sense of the island. How much time do you think you would ne=d at first? A day or so? I can book it for whenever is good for you. Thursd=y of this week, or Monday of next week perhaps?
I look forward to hearing from you.
Best,
███
