Subject: Apt. codes..

OK! Here it is...
press:

81708

AL 12 AL (must press this combo before the door relocks) Enter the new 5 digit door code It should beep 6 times after this and it should be ready to go. Just =est that the old code doesn't work anymore and this one does!

and please do not give anyone else the 81708 code as it is the master =ode and the only way to program other user codes and it's a pain to =ave to reset it if need be.

Thanks!

let me know how you make out..
