Hi Fabian! I have finally chosen a color for the living room radiator cover!! It will Benjamin Moore Smokey Taupe #983 in a gloss lacquer finish.

When do you think these will be ready for installation?

Hi Fabian. I'm not sure yet for the color of the living room. I will be back in town the first week of January and can choose the color then.(I was waiting for the walls to be painted before choosing the color which was just completed)You are welcome to come to the apt anytime that's good for you.

Please let me know what color do you want in the living room, I'll need to check the apartment the next week before installation.

Tks.
Fabian
