You're going someplace tropical.

Someplace where impossibly tan people wearing loincloths scale palm trees =ike lynxes and cut down coconuts specifically harvested for rum cockta...

Wait.

You're not packing that bag, are you...

Looks like now is as good a time as any to introduce you to First & Co=pany, a new satchelry doling out all manner of unreasonably handsome Whiskey Batido leather bags for yo=r vacationing consideration, online now.

We hate to do this, but we may have to use the word "gorgeous"=here in a second. Yep, we do. Because this stuff is gorgeous. It just really is. It's the kind of luggage =hat makes other luggage look like... less-nice luggage.

For instance, that big Weekend Discovery Duffel in there. Look at that thi=g. All dark and broken-in-looking. Nubuck leather. Antique brass everything. Burgundy sued= lining. We could definitely see you walking around with that in one hand and a squash racquet in the other=(no reason, just because).

Let's see, there's also a messenger bag. A handmade camera cas=. Chest pocket wallet. Passport cover... all equally devastating.

For something you put socks in, that is.
