Dear Jeffrey,

=t took us some time to finish your project and we hope it will worth it.

So please find below the project for New York which was deeply=thought.
Your desk composition will be made with t=e latest technology we talked together about.

=he design is based on geometric forms, mainly square softened by curves.

The materials used are:

- dark wood or black lacquered
- vegetal leather : white, Orange Hermes or antic red=span>
- chrome

We think about to cushioned and to=dress the composition with rugs in fur.

=he couch is designed to be used in bed or in 2 pieces with a tray. The midd=e space is empty to be able to place your bass speakers.

=

The electrics connections need to be tho=ght therefore there will be no electric wires on the floor.

This room can become a very unique space=thanks to the new layout and the new furniture.

=

=ister Gaguech is abroad till Wednesday but do not hesitate to contact him w=en he will be back.

We look forward to hearing from your comment and we hope this p=object will hold all your attention.

Best Regards.

AnMarie Conzon
