Hello =aulette. Thank you, I received the quote. I believe Laina left this =xercise bike out of the quote because she said they wouldn't be about =o make the contours of the back fit how the the chair is shown. He =ould still like to have the bike recovered in leather and is OK if the =ack is not perfect and if there is some gaping. That being said, I'm =ondering if there is still enough leather to do all the machines with 5 =ides. I want to put in the order today and want to make sure to order =ough leather. can you please check on this for me? Many =anks,
