The first image is a wool rug , very white and soft but take= 3-4 months to be custom made.

In the second image there is a synthetic rug on top of the wool one. I= is not white white but was the whitest they have. It would take 3-4 weeks=to make. They would have to use two 15' wide pieces with a seam to cre=te a 15' x 17'. I have requested a sample which will only get to m= next week.
