Subject: vanity tops

Hi [REDACTED]

You helped me yesterday in picking out a possible sample for a custom vanity top. please see the link below for the info on the vessel sink which will go on top. We are using a single hole faucet.

The dimensions of the vanity should be 56.5" wide x 23.5" deep. I need to check what the client wants the overhangs to be. Can you get me a quote with this info for the Zodiaq material? We will need 2 of the same vanity top. Many thanks,

[REDACTED]
