Mr Epstein would like to go with Option 2 for his master bedroom just like the blue sample. I just want to confirm the color code though.. on the back of the sample it says 1442,(pls see attached) but on your quote, you put 1015 for the color code..

Can we also please get a cad of this rug? Thanks so much!

Attached is the quote for the Master Bedroom. However, I only have 2 qualities written down that he liked. There was a 3rd white wool broadloom but I thought he was just using that for color reference. I could be wrong though.....let me know if you need me to quote the wool out as well.
