If you are interested in a great program for organizing all of your =nventory, furniture, household items, etc.. Filemaker seems to be =retty genius. Our new apple guy introduced me to it and I think it's a =reat solution to all of the household schedules that you made in the =ast. It has great searching capabilities, you can insert a photo of the =tem, put the price, date of purchase, on and on...

```xml
<?xml version=.0" encoding=TF-8"?>
