Hello photo man!

May I ask you a huge favor..

Would it be possible to send me photos of each of the guest cabanas, a =traight on photo of each wall in the cabana? I'm photoshopping in =photos of the furniture we ordered so JE can get a sense what it will =ook like in each room. This attached is the perspective I want(just =traight on) but I don't have those types of photos with the new paint =ob and without all the clutter in the room. Thanks!
