I =ever would have had you send it to St.Thomas if I had known how much =hipping was going to cost. You should have had me approve this before =ending it. The shipping was almost as much as the lights. What method =id you use? It seems extraordinarily high for such a small light weight =ackage.

Hi Sara.

I have attached your invoice with your Drop ship =harge to St. =homas.

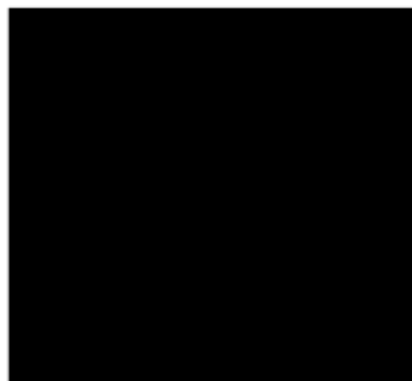

The amount of \$249.95 corresponds to the ship =harge..

Let me know if you have any other doubt =lease...

Best.
