Hello =asquale,

I have found my previous order for the same carpet ='m interested in. As you can see, I was only charged \$76.90 per square =ard the first time.(Not \$80 per square yard that you quoted me) I need = total breakdown of the charges on the quote you gave me to submit to =y client. I cannot just show them a number with no explanation. Can you =lease adjust the square yardage price, and considering it's a close out =tem, I would imagine you could do even better on the price than =efore.

Thank =ou,
