He was in a nasty mood yesterday. Apparently [REDACTED] didn't bring any ID with h=r, which they found out in the car on way to heli, so had to detour back to=301 to grab her ID. That added fuel to the fire saying how everything is di=organized. My reply was "I organized her, but took it for granted that it's=common sense to bring an ID with you when flying, but will be sure to remin= everyone from now on regardless". Then he was on a roll with the car thing= Of course it made sense to rent a car!!! They are there for 2 nights! And t=en he was just looking for things to be wrong,ie, he sent an email I forgot=to pack his computer charger when it was in his bag the whole time. Anyways=.that's the story of yesterday!
