Any time that would work for Laura today is good for me! I am totally flexible.
I would need approx. 10'x11' in size.

Hi [REDACTED]

I have meetings scheduled all day but what time are you thinking? Let me know and I will see if Laura is available to help you.

Also, what size rug are you looking for?

Hi Kim,

I need one more rug for Mr. Epstein's island project. He is now making an additional guest room! Is it possible to come by today to look at colors?

Also, just confirming, you don't have any rugs that you keep in stock right? Everything is strictly custom?

Please let me know if today works with you and what time is good. Thanks..
