Hey babe.. just a few pics from dakar.. the first is from the =resident's house with the guard at the front door, the second is on the =lave island, the last two are from one of the markets we went to today. =ur driver parked the car on the street, we went walking for about 10 =inutes, and when we came back someone had covered the car with clothes =or sale. too funny.

I am so tired though! I just feel like napping. I'm ready to come home. =here is a constant haze in the air here.. depressing.
