I don't know if JE has talked to you about the upcoming Paris/Africa =rip, but he said he will be taking one of the planes on the trip. He =entioned leaving for Paris on Friday the 6th, then to possibly =arrakech, Senegal, Mali, Sierra Leone, and Gabon.

US citizens need visas for Mali, Sierra Leone and Gabon. You should also =heck all your vaccinations for these places. I checked with the place =E and I got our shots before our last Africa trip, and they are all =ood except Typhoid. and they recommend getting Malaria pills as well. =m not sure where you guys got your shots, but I would check with them =f you need any boosters, etc..

As far as visas go, I don't think there will be enough time to get all 3 =isas for these places before Friday. We will be traveling with the son =f the president of Senegal, so JE seems to think we won't need visas, =ut I'm not convinced. I am waiting for the son to get back to me on his =houghts about visas..=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist
