> US citizens need visas for Mali, Sierra Leone and Gabon. You should also check all your vaccinations for these places. I checked with the place JE and I got our shots before our last Africa trip, and they are all good except Typhoid. and they recommend getting Malaria pills as well. I'm not sure where you guys got your shots, but I would check with them if you need any boosters, etc..

We will be traveling with the son of the president of Senegal, so JE seems to think we won't need visas, but I'm not convinced. I am waiting for the son to get back to me on his thoughts about visas..
