Hi Colin,  
I'm sorry I wasn't able to call sooner. I'm on the west coast traveling for work and have just been swamped. I just tried your office and spoke to Mindy. She mentioned you were in the city. All of the items I've sent you photos of are in NYC. If you have time and would like to take a look at them while you are in the city, let me know and I can arrange for someone to show everything to you. They are on E. 71st St. in my employer's home.

Hello again..I didn't get a response from you in regards if you are interested in these paintings. I found some paperwork on a few of them for when they were purchased. I've typed the info given under each painting. I hope this helps! Thank you again for your time.
