I am wondering firstly if it's possible to use a real suede on this chair. I'm looking at Edelman Leathers Royal Suede. I'm also looking at J. Robert Scott's Novasuede which is a 100% Nylon "ultrasuede" material and Design Tex "Swayed All Over" upholstery

In the mean time, can you please let me know how many yards is required for this chair?  
Thanks..

Can you send me a list of options you are looking at so I can have global in Canada check on the availability before you show the customer?

The USA and Canada have different lead times

Thanks

I'm getting samples from several places, Knoll Textiles, Designtex, Ultrasuede, etc.. but I don't want to show my client any potential choices unless I know they are in stock, but I need to know the required yardage in order to check this first. Thank you.

I have your authorization form,

We receive acknowledgement from Global, that the fabric is on back order and they won't have the chair until September.

Do you want to choose another fabric?
