JE is asking for a schedule of when we will be able to use the guest =ooms? I know Ion is almost done with room #1 and 2.

Is th=re anything left to do in the guest rooms before we can start to put furn=ture in them besides Ion's painting? JE would also like to pain= room #3's ceiling white to see how it looks, and possibly paint all 3 gu=st bedroom ceilings white after seeing it in #3.

Emad, wh=n will the items from Tropical Shipping be arriving?

=div>We have come up with a different color scheme idea for room #3. We wa=t vertical strips about 14" wide, that are off white and very light tan c=lor. The bathroom will have a design in a darker tan color that is like t=e color of brown paper. I will explain all of this to Ion as well, but wa=ted you all to know the idea we're going with now.

Thanks=.
