Great! Thanks,

We have chosen the colors for the larg= guest room #1.. The blue will be BL216, and the same white one JM172. I =hink the stripes should be about 2" wide.. what do you think?

=div>I will need to come back in to get more color swatches for the other = rooms. I need to look for a purple for room #2, and a brown the color of=a brown paper bag for room #3..(best way to describe it!) I'm n=t sure when I will next be in NY, but will contact you to set up a time t= come in when I know I will be back.

Thanks Kim!
