Hi Anthony,

Just checking in again about your guys adding a molding at the bottom of =y bathroom and bedroom door to prevent the wood floor from splintering =urther. This is what they recommended when they came to look at the =plintered piece of wood flooring.

Also, would it be possible to get 10 extra feet of my baseboard? I want =o use it along the bottom of the window area in the living room. Is =his something I can get from you, or should I go straight to the people =ho you get it from?

Thanks!

Sarah
