Hi Sean,

My client has chosen another fabric to use for the chair. It is from Nobilis in Paris. It is 60% acrylic/40% cotton. Will it be necessary to have Global test this new fabric to make sure it is compatible?

Also, he would like to have the piping on the chair a different color. Is this possible?

Hopefully this time around our fabric choice will work!

Thanks.

SEE the response below from the factory. This is unbelievable. Do you have a different chair we can spec. I'm embarrassed.

Can you get me an answer on this please. See below

Thanks. I'm ordering the =uede now. They are telling me it will come in 5-6 separate pieces, =pprox 14-16 square feet in each pelt. Will this be an issue with it not all in one piece?

The RGA approval sheet =hould have had the exact amount to send. Since this leather doesn't =ave a pattern then you could reference the yardage in the pricer. =sometimes more yardage is required with the chair depending on the =attern, and the factory will let us know on the =GA]
