Hi Sean,
Just wanted to=check in about the message you left me regarding Global having the chair I w=nt in the Edelman leather Chocolate Suede. If they do in fact have the orig=nal chair design 3766 I want in the suede, I definitely want it! I'm just a=little confused because I cancelled the order for the suede, but perhaps it=was sent anyways? Please let me know! Thanks!

HI Sean,
My client has chosen another fabric t= use for the chair. It is from Nobilis in Paris. It is 60%
acrylic/40% cott=n. Will it be necessary to have Global test this new fabric to make sure it=is compatible?
Also, he would like to have the pi=ing on the chair a different color. Is this possible?
Hopefully this time around our fabric choice will work!
Thanks.

SEE the response belo= from the factory. This is unbelievable. Do you have a different chair we
c=n spec. I'm embarrassed.

Thanks. I'm or=ering the suede now. They are telling me it will come in 5-6 separate piece=, approx 14-16 square feet in each pelt. Will this be an issue with it not a=l in one piece?

The=RGA approval sheet should have had the exact amount to send. Since this lea=her doesn't have a pattern then you could reference the yarda=e in the pricer. [sometimes more yardage is required with the chair dependi=g on the pattern, and the factory will let us know on the RGA]<=o:p>
