Subject: Domain names

Hi Antonia and Sarah,
I am having Story work on getting authorization codes for mothers army domain names to transfer to you.
He currently has the following domain names registered:

mothersarmy.com
mothersarmy.net
mothersarmy.org

themothersarmy.com
themothersarmy.net
themothersarmy.org

Do you want all the domain names transferred, or only certain ones? If you don't want all of them, he will only request the codes for the ones you want and cancel his account for the rest. He said you will have to pay a fee for each one you want to transfer. Please let me know what you'd like him to do.

Thank you,
Sarah
