You told me I have been per=ect with food at other locations.

So please stop blaming me=for everything that is wrong on the island. Lecturing Ana about healthy foo= is like explaining to the landscapers what clean is, this is just wrong to=start with. I am sure she tries her best, especially considering how many o=her responsibilities she has. And I don't feel it's right to tell her what s=e did wrong with food after that.
