Thank you for your help with this. Jeffrey would like to order only 3 of the chairs for now to see how he likes them. He wants 3 of the Article 11,=wooden sun beds with sun canopy in walnut, with fabric color 5501. We would like them shipped to:

&nbsp; St. Thomas, USVI 008=2

I have been=in touch through email with the company, and they have been good about resp=nding to me, except for actually helping me place the order! I tried callin=, but they just hang up on me. I don't know the total for the order and shi=ping, or the best way to make payment. If you could help with finalizing the order, finding out the total cost and how I can pay, that would be fantast=c! Thank you so much!
