Hello Ladies!

In a matter of avoid=ng asking JE about food preferences (specific items for specific guests) I=would like to create a list with all the guests who are coming to dine her= and the list of food they would eat.

[REDACTED] when you are here, we will go through it, to make su=e it's all understandable and easy to follow.

I believe this will help us know some="safe areas" where we won't get wrong with the cho=ce;)
