When you find it appropriate you can ask JE more. Maybe we could bring Karen here for a few days? She might be a tremendous help. On another note, Sonam, at least from my perspective on being attentive, is working out very well. I hope she is Cleaning wise also!

Hopefully I will be able to speak to him more about it before their arrival. Otherwise, at least at the beginning I believe we should be their point person.

Ideally it would be great if they could manage the house, Arlene from housekeeping perspective and Carluz with engineering and mechanics. But again, let's give it time and see how it will work out.
