Thanks [REDACTED]  
Are you going to call them or should I?

This was the last order from Caravaggio. I'll see if we can do something very close.

Subject: Dinner Toni=ht

Hi Gi=ls, here's a similar menu to the one last time:

x2 Misticanza salad (large bowl)

<=pan>x1 Buratta special w watermelon and fig (plate)

x2 Eggplant Parmesan (plate) —This is a special and one of JE's favorites. I've suggested ordering 2 thinking he'll probably eat one to himself... Ordering a 3rd in case it is small isn't a bad idea either, but serve only 2 if 3 looks like too much...

x2 Scallop Entree &nb=p; (plate) (6 scallops should fit better on a plate than 8, and not lo=k too crowded.)

x1 Steak entree (not the s=cial) (Temperature: Medium Rare Push) (plate) — You may have to sl=ce before serving. Set steak knives.

x1 Fettuccine w/ Veal Ragu (small bowl)

x1 Orecciette w/ b:con, pecorino and spring vegetables (small bowl)

x2 Sides of mixed sautéed veggies (small bowl)

=span>

You know where to get the dessert goodies :) Th=ugh if you wanna change it up (but not the flourless choice cake...) y=u can grab a few from either Masion Kayser and/or Laudree just down the str=et.

Let me know if you h=ve any questions! Xxoo

=
