My=jeffrey,

To get the most out of me, I need to be able to work on my own. I need to c=nceptualise, work on space planning, and select furniture simultaneously. =hey all develop together and develop each other.

I like to do work marathons in quiet, not be distracted and not break. This=enables me to maintain focus, follow a sequence of steps, and work with so=ftware relevant to the work in a decent amount of time. So that I can produ=e -
•Cad drawings and elevations with options for space planning •furniture selections and options with costing.

The way we were working (sitting together choosing things), I feel suppres=es my skills and basically just makes me another person with good taste ch=osing furniture.

I will move forward with this. Karyna can look in at any time and give me h=r preferences.

I love you forever

Xx
