<mailto:jeevacation@gmail.com>

We decided to do a =ome birth. I was sick of hospitals with crappy protocols and doctors who d=dn't know why the protocols were there. We found two great midwife= so decided to do a home birth. Most of the problems can be determined in =early labor by watching vitals and the ultrasound.

Anywa=, we ended up on a weird edge case where the baby went front to back (OP) =nd ended up creating a very strong but hard to diagnose pain for Mizuka th=t made it unable for her to "push through" the pain in lab=r. We tried all kinds of tricks and stuff until Mizuka's pain beca=e unbearable and was losing her energy about 12 hours into her labor and e=ded up in a hospital. The reason that we went to the hospital is because M=zuka was being overwhelmed with the pain. When we got to the hospital it t=ok hours for them to figure out the anesthesia so it was about 16 hours be=ore she was stabilized and gave birth. Luckily she had enough energy left =o push enough to do a forceps vaginal delivery instead of c-section. So we=E2 re in the hospital now.

So it was a weird=edge case, but Mizuka's already forgotten the pain (I remember it!= and she's thinking about it the next kid. ;-)

Otherwise, baby is healthy. We're calling her [REDACTED]. We thought=about Jeffrina, but thought it sounded to Western.

- Joi

PS I think they all sort of look about the=same at this age but...
