Yea, I sent him about 50 images like that from a stock photo website but he didn't like any of them of course. Hopefully you will have better luck

I have found some, dont know if I am on the right track but will forward to both of you. I got them off a websidte where you buy the image so I hope the quality will be good enough to enlarge.

Yes, I have measurements. J sent me 2 photos, but they are just some photos off Flickr someone posted, so poor quality. Can't use them. Will go over with him when I see him.

On plane now. Landing in ny at 11:30am

> Hi [REDACTED], Was wondering whether you ever found out what the dimensions are on the outside of the window where we are going to put the aquarium image? Did he like any of the ones you sent him? Not sure what the process is but presume it is the same as what we did on 6 so we just search for a regular image and then have it enlarged etc.
